GREAT START TO HOME OWNERSHIP!

This is an opportunity not to miss as properties like this don't come along often, recently reduced PLUS having a long term tenant willing to stay in the property its perfect for those wanting to start or expand your investment portfolio. This 4x1 brick and tile home is nestled in the northern part of Collie and only minutes to the local catholic school and parks.

The home has four large bedrooms with jarrah finishings in each room with a large open lounge room which is adjoined to the kitchen, The log fire keeps the house warm through those winter months and during those hot summer months there is a large air conditioner to keep the home cool.

Take advantage of the economic times and give me a call to view the property.

Price: \$195,000

Lorraine Grassie
