

Busselton, WA

Busselton Removals & Storage

This long established business has many years of service behind the name and is being sold at a very realistic price. An owner operator with some casual help would make a very good living. The truck has a history of being well maintained, the total cubic capacity of the truck and trailer is 102 cubic meters, 60 cubic meters for the truck and 42 cubic meters for the trailer. The truck is a Scania 113 6 CYL diesel, the engine was replaced in 2014 and new tyres have been fitted.

Full details are available from exclusive agent, Peter Loughton.
