## HUGE FAMILY HOME IN SOUGHT AFTER SOUTH BUNBURY

So much space in such a good location, a lovely house to call home. But there is so much more to this two storey, very spacious, 6 bedroom home at 6 Goldsmith Street in South Bunbury than just its bumper size.

This is a magnificent and much loved family home in a sought after location that, like fine wine, increases its appeal with age, with a terrific sense of history and a distinctive character. You won't be able to go past all the heart-warming features you would expect from a home of this vintage. Such as polished jarrah floors, decorative cornices and ceiling roses. Two sets of vintage style glass sliding doors with jarrah frames and built-in cabinetry are also among the special attributes of this gorgeous home. Tastefully decorated throughout, this home has fresh new neutral tones, new carpet and the added bonus of timber floor boards to the living and hallway. Modern additions include a fully refurbished kitchen complete with new stainless steel cook top, stainless steel oven, a range hood and dishwasher. There is evaporative air-conditioning upstairs and reverse cycle air conditioners downstairs. Plus solid fuel heating, creating that cosy atmosphere in the living area. All
