What a great Inner City property

This 3 bedroom, 2 bathroom home was built by a well know builder in Bunbury in 2011. The location is fantastic and would suit anyone with a job in the City.

It is very well appointed and maintained which means an easy move in. The Lounge / Kitchen / Dining area is ideally located at the rear of the property which leads to a good sized Alfresco & Outdoor area. The bedrooms are a good size with sliding door robes.

If you are a city person then you need to take a look at this great Inner City property.

Property Features include:

- Sliding door robes to all bedrooms
