Location, Location with Views!

If you are looking for a family home or one that's big enough to accommodate all of the family on holidays, check out this split-level home with a versatile floorplan and ocean views! A short walk (120m) will find you on the limestone path to the beach, and before you know it you will be dipping your toes in the clear blue water!

Built in 2007, this commanding residence is split over three different levels.

Another set of stairs leads to the main living area of the home - this is where the views become spectacular. A timber pole provides a unique feature to this space.

The generous kitchen has a good array of high gloss cupboards, drawers, and corner pantry
